DECLARATION OF MANUFACTURER

We hereby declare that the raw material for the product Acosorb DC 2 and DC 3 - Black, Oman Grey, Concrete Grey (ILA), Cool Grey and Denim Blue is produced from ECO Cellulose fibers – based on 100% of recycled materials. This material is for 80-85 % sourced from industrial waste and 15-20 % from post-consumer collected waste.

Acosorb Greenline Hong Kong Grey, Indian Yellow are based on 100% post-consumer collected waste and Acospray Basic White on 100% industrial recycled content. These products are only collected and there is no pre-manufacturing process involved.

Both processes, production of the preprocessing raw material fibers and production of the Acosorb products are ISO 14001 certified.

We hereby declare that the raw materials delivered to ACOSORB BV for the purposes of acoustic spraying are produced from 100% recycled cellulose fibers.

Ing. Mojmir Urbanek
